ONE of the most singular incidents connected with the burning of the Opera Comique, says a Paris letter, was the wonderful escape from death of one of the chorus-singers. On the first alarm he had rushed up-stairs to his dressing-room on the fourth floor to save his small possessions, and on arriving there, overcome with heat and smoke, he had fallen on the floor in a swoon. There he lay in a state of utter insensibility for over two hours. His dressing-room was fortunately situated in an angle of the building which the flames did not reach, the state of syncope in which he was had suspended respiration, and so, unharmed by the fire or by the poisonous smoke and gases evolved from the burning scenery, he remained there in safety while death and destruction were rioting around him. It was long past 11 o'clock when he came to his senses and realized the horror and danger of his position. He made his escape by a staircase leading to the Rue de Marivaux, and on finding himself in safety he once more became unconscious and was taken to a pharmacy, from whence he was transferred to a hospital. A few days ago he was discharged, cured, after suffering severely from his long sojourn in the pestilential atmosphere of the burning building. He can now boast of being the only person who remained for two hours in the Opera Comique after the fire broke out, and who then escaped not only alive, but comparatively unhurt.

A FATAL WRECK.

An Emmigrant Train Runs Into a Freight and the Engineer and the Fireman are Instantly Killed—Fifteen Emmigrants Injured.

WHEELING, W. Va., Aug. 24.—An emmigrant train coming west on the Baltimore and Ohio railroad this morning ran into a freight train at Easton siding, twenty miles east of this city. Al Smith, the engineer of the emmigrant train, and Isaac Arbuthnot, his fireman, were instantly killed. The engineer and firemen of the freight train are only slightly injured.

Fifteen emigrants are seriously, but not none fatally hurt. They have been taken to Cameron for surgical attention. Smith and Arbuthnot lived in Wheeling, where they have families. The accident was the result of a misapprehension of orders on the part of the engineer of the freight train, who thought he had the right-of-way and pulled out from the siding as the emigrant train came up.

WAIT AND SEE

What Joe Clark, the Merchant Tailor, Will Have to Show You.

This evening Mr. Joseph Clark, Fort Wayne's fashionable tailor, leaves on his semi-annual trip for New York to lay in his fall and winter stock of goods. Mr. Clark enjoys the reputation of being an artist in his line, second to none in the trade in this or any other city, and his eastern visits are not only to make his purchases, but to observe the styles and the manner in which they are made, thus giving his patrons all the advantages of the latest styles of clothing, both in patterns and make-up. This season he will endeavor to lay before his customers such a line of goods never before seen in Fort Wayne.

JOHN PROVINES.

His Body Found on the Bay Shore After He was Missing Ten Days.

The death, by drowning in Michigan bay, of John Provines, a brother of Mrs. Geo. R. Hench, of this city, was mentioned briefly in yesterday's SENTINEL. The following dispatch, in reference to his death, appears in this morning's Grand Rapids *Democrat*:

ISHAEMING, Aug. 24.—The body of John Provines, who has been missing ten days, was found on the bay shore in Menominee, Mich., last night. Provines was a single man, twenty-two years old, and a resident of Huntington, Ind.

His funeral occurred this afternoon, at Huntington, and Mr. and Mrs. Geo. R. Hench were in attendance.

Illinois Corn.

CHICAGO, Aug. 24.—A special from Marion, Ill., says: The rains have not increased the crop of corn one single grain anywhere in the drought stricken district, for most of the bloom from the tassel has been off and the tassel dead, and without it no single grain would be formed. The stalks appear of good growth, but without ears.

Fire Among Race Horses.

CINCINNATI, Aug. 24.—A drunken stableman in some way set fire to the stables at the Latonia race course early this morning, and twenty-eight stables were burned, with four valuable trotters, owned by Mrs. Bugher. The loss was $9,000.

National Editorial Convention.

JACKSONVILLE, Fla., Aug. 24.—Pursuant to a call of its president, C. H. Jones, of Jacksonville, the annual meeting of the National Editorial association will convene at Denver September 13.

Assigned.

KITTANING, Pa., Aug. 24.—G. W. Wilkines, an extensive lumberman and boat builder, made an assignment today. He had a very large business and was estimated as being worth $100,000. The liabilities are unknown.

FOREIGN.

SOFIA, Aug. 23.—M. M. Steiloff has refused to join the ministry, which will apparently be composed of nonentities, as all the leading men of the country are holding aloof.

Going Home.

NEW YORK, Aug. 24.—Mrs. Grover Cleveland arrived here early this morning and left for Washington.

HE IS A DAISY.

Michael O'Brien's Gala Observance of His Brother-in-law's Arrival.

Michael O'Brien lives on Barr street, near the railroad shops, when he is housekeeping. A week or more ago his brother-in-law came to visit him, and together the two proceeded to celebrate the occasion. They have not sobered up since, and after a few days of this prolonged session, Mrs. O'Brien left home and sought shelter with her niece on Spy Run avenue. Yesterday O'Brien's finances got too low for the transaction of further business, and he hunted Mrs. O'Brien up. He met her on Spy Run avenue, and because she refused to hand over her purse, the brutal fellow struck him in the face, blacking both her eyes. Mrs. O'Brien at once filed an affidavit, charging the facts narrated above, before Justice Ryan.

This morning the good woman, true to the nature of her sex, repented her legal proceedings, and tried to impress Justice Ryan that her husband collided with her accidentally. Mr. Ryan wouldn't have it that way because there was prima facia evidence of guilt, and fined the man, who was still drunk, $1 and costs making $10 in all. He must go to jail if his faithful wife does not bail him out.

VERY PLEASANT.

The Tenth Anniversary of the Marriage of Mr. and Mrs. S. A. Northrop Celebrated.

A part of Pastor Northrop's vacation has been passed at Fenton, Mich., where he was the esteemed pastor of the Baptist church for over five years. Some of their many friends helped them celebrate their tenth wedding anniversary, Aug. 16th. They were kindly remembered by appropriate gifts, after a most elaborate tea. The following poem, conceived by a blind lady of talent and culture, was written especially for the occasion:

To Rev. S. A. Northrop and wife, on the Tenth Anniversary of their Wedding:

Ten years ago to-night, two well trim'd boats
With sails all set, met on the stream of time
And glided on together—with this change,
The two—were one, so said the wedding chime.

Ten years ago! It was a calm bright day,
When from the harbor, near the Flowery Lea
The two, now one, drifted from the shore,
And down the river—towards the far off sea.

Ten years ago! And down the widening stream,
The boat has glided with untiring oar;
The sunlight, falling on the waters smooth,
And songs of wavelets, dashing on the shore.

Ten years the boatman with tireless skill
Has guided well—over the waters blue
That well trim'd bark, whose white sails from afar
Proclaim its progress, on its mission true.

Ten years! The whirling eddied by its side
Have dropped into their circling depths, the sunbeams
Falling on the way, and holds them fast
To brighten up life's sombre, midnight dreams.

Ten years! And here, to-night, that bark is moored
In the smooth harbor, by the flowery lea;
Pull down the sails—look back—and rest awhile,
E'er you resume the journey towards the sea!

Ten years! And has no dark cloud e'er dim'ed the sky?
No shadows fallen o'er the sunny way?
No weary heart, or brain, in all the hours?
No summer's scorching heat—no winter day?

Ten years! Without a tempest, or a storm
Thy moorings here to-night, no rest would be!
It's "weariness" alone, that seeks a calm,
"Peace" stilled a restless, tossing sea!

Ten years of work; ten years of life;
Ah, well! How rapidly they've passed away!
Another ten, and down the winding stream
You'll stop to rest, perhaps, 'neath shadows gray.

Ten years! Then ring the bells to-night!
The "wedding bells" for hearts are warm and true;
They have been tried in peaceful calm, and storm,
And now would pledge their ardent love anew.

So sang my heart to-day,
In low soft rapsody—
This feeble, simple lay,
My friends to you,
As 'memory' brought the years,
So full of smiles and tears,
Of gladness, hopes and fears,
Back to my view.

Ten years, by flowery vale;
Ten years—'neath flying sail;
Ten years—without a gale,
With oarsman true!
Then came this fervent plea;
That Christ would ever be
Thy guide, e'en to the sea,
'Neath skies of blue.

With love, from MRS. F. GORTON.
Fenton, Mich., Aug. 16, 1887.

Business Embarrassment.

CINCINNATI, Aug. 24.—The house of McHenry & Co., dealers in gas fixtures, has given a mortgage of $60,000 to the firm of Vance and Company, of New York. This was done in the hopes of saving the New York firm, but was ineffectual.

A COOL RECEPTION.

A Burglar Shot and Fatally Wounded While Trying to Effect an Entrance Into a Residence.

ST. LOUIS, Aug. 24.—At 2:30 o'clock this morning, Dr. P. Marx shot and fatally wounded a burglar who was trying to enter his residence. The burglar was shot in the neck and in the right breast He gave his name as Henry Sanger, of St. Louis.

AROUND THE CITY.

The News of the Day as Gathered from the Railroad and Manufacturing Centers of the City.

There was a dearth of news at the railroads.

Yesterday was pay-day on the Lake Shore road.

The manufacturing establishments are still in need of working men.

The repairs in the office of the Pittsburg boiler department has been completed.

The Wabash employes received their pay yesterday, and the boys are happy this morning.

W. H. Lewis, master mechanic of the Nickel Plate, made an inspection of the Fort Wayne shops yesterday.

J. E. Ellsworth, a leading carriage maker of Decatur, Ind., was a visitor at the Olds wheel works this morning.

The cool wave rests nicely on the employes in the manufacturing establishments, and they hope it will continue.

G. L. Potter, the assistant master mechanic of the Pennsylvania company, has gone east on a few days absence.

Walter Simpson has been appointed agent of the Wabash road at Jacksonville, in place of J. J. Melleisen resigned.

Charley Sossenheimer, the assistant foreman in the Pittsburg shops, has the St. Julian excursion to Warsaw in charge.

Mrs. D. Andrews, the wife of the well known Pittsburg boilermaker, has gone east for a few months visit among friends.

G. S. Johnson, of Grand Rapids, chief engineer of the G. R. & I. is the guest of Master of Transportation Hunter.

The place of cashier in the P., F. W. & C. R. R. freight office, vacated by the resignation of Mr. Harry Templar, has not yet been filled.

Henry Zauner, the machinist at the Bass works, is engaged to-day in superintending work that the Bass works is doing at the Berghoff brewery.

Charley Cherry, the Pittsburg clerk in Tom Meegan's office, uses his velocipede in making his daily trips from his East Washington street home to the shops.

The Young Men's Sodality took four car loads of excursionists to Rome City this morning. They were a merry party and will undoubtedly have an enjoyable time.

Tom Mills, the popular machinist in the Wabash shops, is working up the excursion of the Wabash employes to Put-in-Bay, and if anybody can make a success of it, Tom can.

Four locomotive engines for the Inter-State Elevated railroad at Kansas City, passed through the city this morning on the Wabash. They were made at the Baldwin locomotive works.

An engine on the Pittsburg road while trying to make the switch this morning, near the Calhoun street crossing, became entirely derailed, and it took two hours to get it on the track again.

Shorty Longfield and Mike Baer, the two expert wheel finishers in the Olds works, are considering an engagement with the Electric Belt singers who held forth on the public square last week. Longfield has a coarse bass voice and Baer a fine tenor, and if they accept the position offered them by the Electric Belt Company, they will rise to giddy heights in the professiou.

Charley, the industrious son of Jasper N. Hasty, who is in the employ of the P., F. W. & C. R. R. at their shops in Fort Wayne, was, yesterday afternoon, at the residence of Henry Vaughn, united in marriage to Miss Mary Topp. Rev. A. Blackburn pronounced the ceremony, and there is no doubt but that she is now Hasty's Topp. The happy couple left for Fort Wayne, where they will reside.—*Lafayette Courier.*

THE AMERICAN PARTY.

An Official Call Issued for a National Convention of the New Party.

PAILADELPHIA, Aug. 24.—The executive committee of the new political party recently organized in this city under the name of "The American party," to-day issued an official call for a national convention to meet in this city Friday and Saturday, September 16 and 17.

Its principles as announced are as follows: First—To emphasize and perpetuate the sentiment of America for Americans. Second—The restriction of emmigration. Third—Thorough revision of the naturalization laws. Fourth—Reserving American lands for American citizens only. Fifth—Protection of Americans in all their rights on the land or sea, in all parts of the world. Sixth—To restrict and guard the right of the elective Franchise. Seventh—To abolish polygamy in the United States immediately and entirely. Eighth—To enact and enforce such laws as will tend to eradicate intemperance. Ninth—To develop the resources of the country by a wise system of internal improvements. Tenth—To protect and promote the American system of free common schools. Eleventh—To adjust the relations between labor and capital.

Col. Talmage's Children Cut Off With $10.00.

ST. LOUIS, Aug. 23.—It is stated that the three oldest children of the late Col. A. A. Talmage will contest their father's will. Col. Talmage left most of his property, said to be worth half a million, to his wife. He was married twice. To three children by his first wife and to the five children by the present Mrs. Talmage he gave $10 each. The three children of his first wife are said to be greatly dissatisfied with the terms of the will.

A Lunatic's Long Walk.

WABASH, Ind., Aug. 24.—This morning Daniel Small, who escaped from the asylum at Indianapolis, Sunday, arrived in this city, having walked the entire distance, ninety-two miles. His lower extremities were frightfully swollen and he showed great exhaustion. Small explained that he desired to visit his relatives and took the opportunity to steal under the gate when not watched. He will be taken back to the asylum in a few days.

Mrs. Molloy Securing Evidence.

LEAVENWORTH, Kan., Aug. 24—Emma Molloy, of Graham murder notoriety, was in the city to-day securing evidence to be used in her forthcoming trial. She had nothing to say to newspaper men, and seems desirous of her presence not being known. She was dressed in mourning, and did not have the appearance of being a principal figure in a murder trial.

The Weather.

WASHINGTON, August 24.—Indiana, generally fair weather, cooler Thursday morning, followed by a slight rise in temperature.

THE MARKETS.

NEW YORK, Aug. 24.—The stock market was heavy to weak at the opening, the declines ranging up to ¼ per cent. The market soon rallied. The improvement was short lived, however, and prices again moved off. It is unsettled and dull at 11 o'clock.

Noon—Money, easy at 4@5 per cent.

NEW YORK, Aug. 24.—Wheat, ½@½c lower, dull and heavy; No. 2 red, Aug. 80. Corn ½@½c lower and heavy at 49¾@50¾c. Oats shade lower fairly active at 32@40c.

TOLEDO, Aug. 24.—Wheat, dull lower, at 74c. Corn, lower and quiet at 44c. Oats, steady, at 26c. Cloverseed, easy at $4.55.

REV. J. F. DICKIE, of Detroit, who recently returned home from Europe, is reported by the *Free Press* as saying that "the biggest man in England is Buffalo Bill. It is simply astonishing to witness the crowds which go to see his show. Every railway coach is jammed and the interest does not seem to abate. The American Exhibition would have proven a flat failure had it not been for Buffalo Bill's 'Wild West' show. It has been witnessed by all the nobility and by all the kings and queens who have visited London since it has been running. Even a special exhibition was given to Queen Victoria herself. The people seem to have gone crazy over both him and his exhibition. One thing I particularly noticed at the exhibition was a collection of taxidermied Rocky Mountain sheep, bears, lions, etc., which an English sporting club has slain in America and kindly loaned to the management for exhibition. Another new thing is the sale of American pop-corn, nothing of the sort, I understand, having ever been known before in England. It is quite the craze now. A toboggan slide was also on exhibition, and proved a great curiosity to the native Englishman."

"A YOUNG lady of Austin, Nev.," says the *Reveille*, "who has much time to spare and who is very skillful with the needle and excels in all fancy crochet work, has made a unique dress. The material is common spool thread, white, and the entire dress is hand-crocheted work, beautifully flowered and strongly made, and about 10,000 yards of thread were used in its construction. The sleeves are crocheted in the proper shape and are fastened in by a lock-crocheted stitch. It is a very beautiful dress, and the young lady tells us that it took her three months to complete it."

RESCUED!

The Passengers and Crew of The City of Montreal's Missing Boat Rescued by a German Vessel.

LONDON, August 24.—The City of Montreal's missing boat has been picked up, and the seven passengers and six members of the crew who were in it, are safe and well. The rescue was made by a German vessel named "The Mathilde," which arrived at Falmouth to-day with the thirteen survivors on board.

LOCAL NEWS.

A low stone wall is to be built in front of the McCulloch park, on Broadway.

Charles Martin, aged seventy-five years, died at the county asylum and was buried to-day.

Mr. Neil McLachlan and daughter Nannie left yesterday for Glasgow, to be absent about one year.

Miss Josie Gardner, of Canton, who is visiting friends and relatives in this city, went to Rome City this morning with the excursion.

An Avilla correspondent says: "Mrs. Lewis Fryer and Mrs. C. B. Fitch, of Fort Wayne, are visiting parents and friends in and near Avilla."

The Grand Rapids *Democrat* says: "Wm. Clear, of the Fort Wayne post-office carrier department, is spending a few day of his vacation in the city visiting friends."

Dora Brannaman, who was employed hauling logs to the Hoffman mills, was arrested to-day on a charge of bastardy preferred by a Huntington county girl. He was taken down there.

The brick building in the old Hebrew cemetery, on Broadway, has been razed. This ground ought to be added to the McCulloch park, because it can never be used for any other purpose.

Rudolph Kabisch and John Welfrum were arrested to-day for over driving a horse belonging to Frank Cosgrove. They took a change of venue from Esquire France, and Chief Justice Tom Hunt will pay his respects to them.

The colored people of this city will hold a camp meeting at the fair grounds, commencing Sunday, Sept. 3, and continuing ten days. Prominent ministers from abroad, among them C. W. McGee, of Allegan, Mich., W. H. Chatham, of Canada, and Rev. W. H. Brown, of this city, will conduct the services.

The people of Indianapolis have arranged a program to receive President Cleveland there on behalf of the state on his western tour. Judge Allen Zollars, Col. C. A. Zollinger, Judge Edward O'Rourke, Hon. J. B. White and Hon. R. C. Bell, of this city, are named, with other prominent citizens of Indiana, as a reception committee.

The following building permits have been granted: Herman Kleinsorlger to erect a barn on lots 7 and 8 in Wefels' addition, to cost $50; to Herman Voigt to build an addition to his house on lot 31 Bond's addition, to cost $230; to John Humphreys & Co., to build an addition to their shop on lot 100 Hamilton's addition to cost $50.

Almira C. Lininger filed suit to-day for a decree of divorce from Conductor Frank E. Lininger, of the Pittsburg road. Mrs. Lininger charges that her husband abused and beat her, closing the cruel program by removing their household goods to the home of Frank McCulloch. She asks the custody of one child, and such alimony as the court decides on. Judge O'Rourke issued a restraining order, and it is spoken of elsewhere. Hon. W. G. Colerick is counsel for Mrs. Lininger.

Erysipelas and Obstinate Ulcers, Boils, Carbuncles and Running Sores of every kind are cleansed, the poison-germs destroyed and a speedy cure effected by using Darby's Prophylactic Fluid.

"I have been afflicted with the Erysipelas. Nothing would heal the sore or stop the running. I used Darbys Prophylactic Fluid and found a speedy cure. Have also tried it in several other cases and it proved effectual."—S. P. Greer.

Daily Sentinel

WEDNESDAY, AUGUST 24, 1887.

PHILIP HENSEN, of Corinth, Miss., has probably the longest beard of any male biped in the world. Hensen is a man sixty years of age, six feet two inches tall, and when he stands erect his beard touches the ground. It has not been cut for eleven years and is still growing.

THE President is now in excellent health, and Col. Lamont says he has been in a fine condition ever since he first went into the White House, with the exception of two or three turns of ordinary rheumatism. He has all his life been accustomed to indoor work, and he gets as much exercise as he ever did.

CHIEF JUSTICE WAITE has entirely recovered from his illness of a year or so ago. He wears his seventy years exceedingly well. His eye is bright and his step is firm, and the wrinkles in his dark, square face are few. His beard is, however, beginning to grow gray, and his black hair is already tinged with bright silver.

THERE were 27,844 immigrants landed at Castle Garden during the month of July. They came by seventy-three different steamers, and their total number is greater than the immigration for the month of July last year by 3,410. It is calculated at Castle Garden that the total immigration for the year will be almost 400,000. In 1882 it was 445,000; in 1881, 441,000.

GEN. JOHN BIDWELL, who recently gave eight acres of his great ranch at Chico, Cal., as a site for the new Normal School of Northern California, went to that State long before the discovery of gold. He bought his ranch of 30,000 acres for $3,000, and now it is worth $2,000,000, and yields an income of $100,000. Gen. Bidwell used to be a great wine producer, but his second wife has induced him to root out all his wine grapes and replace them with raisin grapes.

THE *New Age*, a Maine paper, tells the following story, in which a Kennebec horse-buyer figures: "Mr. Jas. Keegan had bargained at Prince Edward Island for a fine horse, the price to be $175, and was just about to hand over the money when he remarked: 'The halter goes with the horse, of course; I have none with me.' The halter in question was an old one, worth, perhaps, 40 cents. 'Oh! no,' replied the owner; 'if you want the halter I want my pay for it.' This was too much for our genial friend Keegan, and quoth he: 'How much do you want for your old halter?' 'Seventy-five cents,' was the reply. 'All right,' said Keegan; 'here's your 75 cents; that's just such a halter as I've been looking for!' And as he passed over the change he quietly took off the (now his) halter, put the $175 back into his pocket, stepped into his buggy, and rode away, leaving his overgrasping owner to lament the loss of a good sale and to get home his brideless horse as best he might."

A Good Appetite

Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

D. O. MILLS is having a $7,000 bronze door made for the tomb that he is building at Tarrytown, N. Y. It will be 8 feet 6 by 4 feet 6. The style is in imitation of the old-fashioned oak doors, with a lattice-work top. The paneling, cross pieces and wood grooves are to be repeated in bronze. Three companion pieces are to be made as windows. They are 3 feet by 4, and in bronze lattice-work.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and over a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and am cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

Is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier.

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. Stanton, Mt. Vernon, Ohio.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

COUNCIL PROCEEDINGS.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, Aug. 23, A. D. 1887, in regular session. His honor Councilman Doehrman in the chair, and present the following members, viz:

Councilmen Buttenbender, Doehrman, Griffith, Haiber, Hazzard, Kensill, Lahmeyer, Michael, Monahan, Meyer, Read, Schied, Shordon, Wessel, Woulfe and Webber—16.

Absent—Councilmen Kelker and Williams.

The minutes of the last regular session having been delivered to the councilmen were approved as published.

After the motion of Mr. Griffith, instructing the city attorney to proceed against Mr. Joseph Derheimer for neglecting to fulfill his sidewalk contracts on Lafayette street and Broadway and paving contract on West Main street, was reconsidered and the same referred back to the street committee, with power to act.

BILLS ALLOWED.

The following bills were on motion of Mr. Doehrman allowed:

PETITIONS.

The Volker & Felhousen Manufacturing company asked for specifications for the proposed new water works. Referred to the committee on water works.

Daniel Nestle and others prayed the council to raise the grade of the sidewalks on south side of DeWald street. Referred to the committee on streets and civil engineer.

The trustees of the public schools represented that water flowed into the cellar of the school building at the corner of Creighton and Holton avenues, and asked that a sewer be built there to carry off the water in that vicinity. Referred to the committee on sewer and civil engineer.

F. G. Birch et al represented that Miranda B. Hopkins fenced in a part of Mechanics and Huron streets and asked that said parties be legally instructed to remove the same. Referred to the committee on streets.

Eliza Hanna Hayden remonstrated against the building of a sewer in the alley between Hugh and Eliza streets. Referred to the committee on sewers.

J. B. White and others asked for a cobble stone pavement in the alley from Lewis to Montgomery streets, between Calhoun and Clinton streets. Referred to the committee on streets and alleys.

August Reiling represented that if the water basin at the pumping house was sunk to a depth of four feet below the river level it would give forth a sufficient water supply, adding that he would give all further information desired. Referred to the water works committee.

Jacob Kern and others asked the council to give them permission to use the private sewer of Wm. Yergens and Fred Helling, in the alley between Washington and Jefferson streets, as an outlet for a sewer in the rear of the property as all parties interested are satisfied. Referred to the sewer committee and city attorney with power to act.

REPORT OF COMMITTEE ON FINANCE.

We, your committee on finance respectfully report.

That we have examined the reports of the city clerk and treasurer and find them to correspond with the books of their respective offices. We also find the reports of the city weighmaster and market master correct.

We find that many licenses have expired, and have not been renewed. The city clerk has assured us that he has notified the parties whose licenses have expired, but said parties pay no attention to such notice.

The clerk also states that he has handed to the marshal the names of parties who are delinquent, but the marshal has neglected to enforce the ordinance. For this reason we earnestly request the council to take some action in this matter and see that the ordinance is complied with, and the truckmen and expressmen be compelled to have the numbers of their licenses painted on their wagons.

We would also recommend that the proper officers instruct the day patrolmen to examine all peddlers found selling goods in the city, and see that they take out the proper license. We have requested the city attorney to report in writing on this subject to night.

REPORT OF FIRE COMMISSIONERS.

We, your board of fire commissioners, respectfully report that the four-wheeled hose cart now in service at the center engine house is in a bad condition and is to be repaired at once. It has to have four new wheels and two new axles and other repairs at a probable cost of about $100 to $125, and we would further report that the hose wagon we now have in the department has proven to be better than a hose cart and the difference in the price of repairing the cart and a wagon might not be so much but what it would be to the interest of the city to purchase a wagon. We therefore recommend that the commissioners be instructed to advertise for bids for bids for a hose wagon and repairing the hose cart so the council may decide after hearing bids.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

We, your committee on streets and alleys respectfully report:

1. The contract of Jos. Derheimer to pave with cedar block the east side of Harmony court.

2. The contract of Wm. Horstman to pave with brick the sidewalk on south side of Grant street.

3. The contract of Wm. Horstman to pave with brick the sidewalk on north side of Grant street.

4. The contract of Wm. Horstman to take up and reset the curbing on the north side of Jefferson street from Harmer steeet to Division street.

5. In favor of the resolution of Councilman Lahmeyer to grade and pave with brick the sidewalk bordering on Lot No. 12 Walls' addition.

6. In favor of resolution of Councilman Scheid to grade and pave with brick the sidewalk on the north side of Wallace street.

7. In favor of resolution of Councilman Griffith to grade and pave with brick the sidewalk bordering on Lot No. 5 Sturgis' addition.

8. In favor of resolution of Councilman Doehrman to grade and pave with brick the sidewalk on west side of Comparet street.

9. In relation to the resolution of Councilman Shordon to grade and pave with cobble stone the gutters on the south side of Main street, from Barr to Lafayette streets would recommend no improvements be made on the gutters unless the street is improved at the same time.

10. In favor of resolution of Councilman Wessel to grade and pave with brick the sidewalk on the north side of Grant street, from Oliver to Thomas streets.

11. In reference to the recommendation of the street commissioner to erect a protection fence on the east side of Cass street, we would report the same to be erected.

12. We would also recommend a proper resolution to be passed to grade the alley on the east side of Lafayette street to Warsaw street, between Buchanan and St. Martin streets, as asked for by a resolution of Councilman Scheid, the same to be done at the expense of the property owners.

13. In relation to the resolution of Councilman Scheid asking to protect the sidewalks on the north side of Williams street and fill up the low places on the street, we have instructed the street commissioners to do said work.

14. The petition of the owners of the Citizens' Street Railway asking to allow them to put down their double track on Calhoun street and referred to your committee with power to act, would report that we have allowed said work to go on providing the owners of said road protect and put said street in a condition so it will not interfere with the general public to drive over said street and to not have any obstruction thereon which would cause the same to be dangerous.

15. In reference to the resolution of Councilman Scheid asking to have a part of the south side of Williams street taken up and relaid at the expense of the city, would report that a similar resolution on June 8, 1886, was introduced and referred to the engineer and committee on streets, but there has no report been made, and we again would ask to have the engineer bring in a report to show whether or not said walk is on grade.

16. Our ordinances have been revised, but very little attention is paid to enforce the same. We have principal reference to the width of tires on trucks and wagons. At an enormeous expense property owners are compelled to improve the streets, and already some streets are done and others in progress of completion and if the proper officers do not enforce the above named ordinance and compel every owner of such vehicle to comply with the order of the council, the newly improved streets will soon be all cut to pieces again, then the complaint comes, poor work and poor material. It is impossible for any street to stand up for the travel that goes over them. Here you see trucks loaded with stone weighing three and four tons with a very narrow tire, or wagons loaded with two or three tons of coal also with tires the same width, and some of our saw mills hauling logs and brick yard hauling brick with tires on their wagons hardly heavy enough for an ordinary load, and officers in charge pay no attention. We, therefore, recommend his honor the mayor and city attorney be instructed to compel the officers in charge to enforce this ordinance at once, regardless who the parties may be.

17. We are also at a loss to know what to do with Cass street, between Lake Shore road and First street, where the new street car track was put down, as the same is in such condition that it obstructs the street in such a manner that it is impossible for any vehicle to cross over, and in our opinion the work was not done according to the ordinance as this council passed it, and we recommend that the civil engineer be instructed to report at next meeting whether or not said track has been constructed according to the grade he gave. If so how he intends to remedy it without expense to the city or property owners, and bring the street in proper shape, so it will conform with the grade of the sidewalk.

18. Considerable complaints are made in reference to the grade of the newly laid sidewalk on Calhoun street, especially on the corner of Calhoun and Jefferson streets, also Calhoun and Lewis streets and along Calhoun street between Douglas avenue and Brackenridge street, where the flagging does not rest on the curbing. In consequence the curbing is set to low, and we would recommend that the civil engineer be instructed to report to this council at its next regular meeting if said walk is laid according to the grade he gave and if so how he intendeds to remedy it and at whose expense.

REPORT OF COMMITTEE ON WATER WORKS.

Your committee on water works respectfully report:

1. That we have examined the report of the trustees of the water works for the month of July, and find it corresponds with the books of the trustees.

2. In favor of the petition of J. M. Coombs and others to extend the water mains on Francis street, from Lewis street to Hayden street, as soon as the finances will permit after other extensions heretofore ordered have been made.

3. In favor of the petition of H. W. Meyer and others to extend the water mains on Oak street, from Division to Ohio streets, as soon as the finances will permit after other extensions heretofore ordered have been made.

4. In favor of the petition of D. J. Shaw and others to extend the water mains from Wallace and Gay streets to Smith, then south to Grant, east to Thomas, south to Samuel streets, as soon as the finances will permit, after other extensions heretofore ordered have been made.

5. With reference to section 7 of the street commissioner's report of July 26, we find the street committee report August 9, that the Main street bridge has been put in a safe condition by the street commissioner.

6. In reference to section 29 of the street committee's report of August 9, urging that the water works trustees displace at once the water pipes from the West Main street bridge. The trustees say they will be ready to do the work as soon as authority be given them to enter upon the ground and lay the pipes across the river.

Wrong

To imagine that the treatment of Constipation consists merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. This is what Simmons Liver Regulator always does.

"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. McELROY, Macon, Ga.

Believe us, when we tell you that most of the despondent feeling (the blues) is the effect of a Torpid Liver, Indigestion, Weakness of Stomach, and Nervousness. A dose of Simmons Liver Regulator invariably relieves, cures and prevents a re-occurrence.

"I find Simmons Liver Regulator, very safe, harmless and valuable as a family medicine, and have used it for any disorder of the system and have found it to act like a charm, and I believe that if it was used in time, it would prove a great preventive of sickness. I have often recommended it to my friends, and shall continue to do so."—Rev. JAMES. M. ROLLINS, Fairfield, Va.

Simmons Liver Regulator is given with safety and with the happiest results, in almost any ailment, to the most delicate infant as well as to the adult. For all diseases in which a laxative, alterative, or purgative is needed, it will give the most perfect satisfaction. It is the cheapest, purest and best Family Medicine in the world.

Price $1. Sold by all Druggists. Prepared by J. H. ZEILIN & Co., Philadelphia, Pa.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**

REPORT OF SPECIAL COMMITTEE ON STREET CAR TRACK EXTENSION.

We, the special committee to whom was referred the subject of the street car track extension to Third street, respectfully report that we have ordered the crossing of the Wells street bridge by said track to be made on the east side of said bridge, and by laying the rails upon the present floor of the bridge, and a new floor to be then laid of white oak timber one and one half inches thick upon and over the old floor; by so doing the bridge will be in no manner injured or its strength weakened, and it will also give a smooth and unobstructed roadway.

We herewith present the agreement of Messrs. Bass and Bond to so construct such crossing.

Whereas, The ordinance passed by the common council of the city of Fort Wayne, authorizing the Citizens' Street Railroad company to lay its track over the Wells street river, provides that the crossing thereof shall be made under the supervision and to the satisfaction of the city civil engineer and the common council's committee on streets. Now then, the said engineer and committee having ordered said track to be laid upon the present floor of said bridge, and said company then to place upon and over the floor now existing a floor consisting of white oak timber one and one-half inches thick, to be placed and laid to the satisfaction of said engineer and committee. We hereby bind ourselves and said company to do said work and make said crossing as herein provided, at our own expense and to the perfect satisfaction of said engineer and committee.

Witness our hands and seals this 22d day of August, 1887.

REPORT OF CIVIL ENGINEER AND CITY ATTORNEY.

We, the civil engineer and city attorney, to whom was referred the subject of the sewer beginning in the alley between Calhoun and Harrison street, in the Sixth ward, respectfully report that said sewer at its head will be one foot and three inches lower than the Calhoun street sewer. The sewer might be made to empty into the Calhoun street sewer, if used for no other purpose than surface drainage, by not sinking it so low, but if the sewer is to be used for other purposes, such as cellar and vault drainage, then it cannot be emptied into Calhoun sewer, as to give it the proper fall for that outlet would at some points bring it within four feet of the surface. As to the legality of assessments for its construction, if lawfully and fairly made by the proper committee and approved by the council, they can be collected, whichever course the council may choose to adopt.

J. S. GOSHORN, City Civil Engineer.

REPORT OF CITY ATTORNEY.

I respectfully report:

1. In the matter of the petition of Joseph Derheimer, asking for an extension of time on certain contracts, I am advised by the proceeding that I shall proceed according to law. I consulted Mr. Derheimer and found that on some of the work he has already put labor and has material bought and on the ground to finish the same. He seems willing to pay the forfeit, but I thought maybe the city would rather have the work promptly done than recover a forfeit and re-advertise for bids. My reason for reporting back is that court does not meet sooner than September 5, and therefore no time is lost in asking for direct instruction.

2. The finance committee requests me to report upon the questions of city license and the remedy of the city against those doing business openly, without the license required by the ordinances. The fault is with the marshal. It is his business to know whether or not a person conducting a business openly, requiring a license, has or has not such license. The mayor, clerk, marshal, attorney, or no other city officer has the right to allow anyone the permission of conducting a business requiring license to run the same without a license. The clerk should give the names of all those whose licenses have expired to the marshal and if he finds any such conducting their business file an affidavit against them. No person should be notified to get his license, if he fails he should be fined and when it is known that they will be fined unless they have such license, all will procure their licenses as a matter of duty. A bad habit that has grown upon the council is the introducing of resolutions calling upon city officers to discharge duties put upon them by the charter and the ordinances. The proper resolutions would be one requesting such officer to answer to this council why such duty is not performed without waiting for orders from the council.

HENRY COLERICK, City Attorney.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla which gives strength, a good appetite, and health.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

MRS. SHADRICK DUKES, of Washington County, Georgia, has a clothes-brush which her grandmother gave to her son, Mrs. Dukes' father. The brush was brought from Ireland by the grandmother ninety years ago, and is probably considerably over one hundred years old. It is in an excellent state of preservation; in fact, good for another generation or more. It is better now than many new brushes. Mr. Dukes has another curiosity in the shape of a gourd four feet in length.

BABY HUMORS

And all Skin and Scalp Diseases Speedily Cured by Cuticura.

Our little son will be four years of age on the 25th inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician who treated him for about for weeks. The child received little or no good from the treatment, as the breaking out, supposed by the physician to be hives in an aggravated form, became larger in blotches, and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him Cuticura Resolvent internally, and the Cuticura, and Cuticura Soap externally, and by the last of August he was so nearly well that we gave him only one dose of the Resolvent about every second day for about ten days longer, and he has never been troubled since with the horrible malady. In all we used less than one half of a bottle of Cuticura Resolvent a little less than one box of Cuticura and only one cake of Cuticura Soap.

A Word About Catarrh.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Cyttarrh makes its stronghold. Once established, it eats into the very vitals, and renders life but a longdraw breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating through the delicate coats and causing inflamation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings, leading to a fatal termination. Sanford's Radical Cure, by Inhalat on and by Internal administration, has never failed; even when the disease has made frightful inroads on deliocate constitutious, hearing, smell and taste have been recovered, and the disease thoroughly driven out."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, neatly wrapped in one package, with full directions; price, $1.000.

FRUIT HOUSE PRICES FOR '87

Quite a change has taken place in a great many goods the last sixty days, the tendency being in most cases upwards. This is the case, especially in Coffee and Dried Fruits, Sugars, Teas, Syrups, Spices and Tobaccos, have not advanced, but from indications they will. It will pay our customers to purchase liberally.

Sugars—White and Yellow.

Yellow C Sugar, 5½c. Standard A Sugar, 6½c. Granulated Sugar, 7c. Powdered Sugar, 7c. Cut Loaf Sugar, 7c.

NO ADVANCE ON TEAS,

Yet they will not likely remain at such low prices in the face of the large advance on Coffee. We continue to maintain our prestige in the Tea trade. Our trade has grown immensely in that line. People have no longer to send off to purchase their Teas. In order to save money we keep up the plan of buying in large lots of the importers and re-selling direct to our customers at a small profit, thereby saving to our customers the intermediate profits of jobber and wholesale dealer—which is not less than 10 to 20c.

Good, 15c per pound; choice, 30c; best, 50c. Imperial tea—Green, good, 30c; best, 50c, Gunpowder tea, 30c; best, 50c. Oolong or Black tea, 20c, 30c; best, 50c; Japan tea, 20c, 30c; best, 50c. Above prices on teas are the lowest on record and the best teas are of the highest quality—no better anywhere—the other grades are good, sweet, drawing teas and will please the most fastidious tea drinkers. Just give them a trial and satisfy yourself.

Coffee—Rio, Java and Roasted.

Best Rio coffee, 20c, per pound; best roasted Rio, 24c per pound; German coffee, 26c per pound; Housekeepers' Choice, 28c per pound; Dannemiller's, 26c. per cent.

Foreign and Domestic Fruits, Prunes, Raisins, Currents, &c., &c.

Turkish prunes, 5c; figs, per pound, 10c; peeled peaches, 20c; dried cherries, 18; unpeeled peaches, 8c; dried raspberries, 30c; dried apples, 6c; dried blackberries, 15c.

Leghorn Citron, 22c; orange and lemon peel, 15c; Valencia raisins, 8c; bes layer raisins, 12½c; Zantee currants, 8c; shelled almonds, 30c; seedless raisins, 10c.

Candies—Stick, Mixed and Bon Bons.

Pure stick candy, 10c; pure mixed candy, 10c; fancy toy candy, 20c, toy candies, 20c; Brazil nuts, 10c quart; almond nuts, 15c quart; mixed nuts, 15c quart; walnuts and filberts, 12½c quart.

Syrups---Maple and Sugar Syrups and New Orleans Molasses.

Pure Maple syrup, 70c a gallon; golden drips, 40c; Sorghum, 40c; New Orleans molasses, 35c; best, 40c. The sorghum is splendid and 10c lower than we ever sold it before.

WINES AND LIQUORS FOR MEDICAL PURPOSES.

Old 76, $2.50 per gallon; two years old, $1.75; one year old, $1.40 per gallon; new whisky, $1 and $1.25 per gallon; Port and Sherry wine, $1.25 per gallon; California wine, $1.25 per gallon; wines in bottles, 40c.

Machine Oils, Fish Oil, Lard Oil and Neatsfoot Oil, and Headlight Oil and Castor Oil.

Fish oil, per gallon, 70c; Neatsfoot oil, 80c per gallon; Lard oil, 70c per gallon; Machine oil, dark, 20c per gallon; Golden, 30c per gallon; Castor oil, $1.75 per gallon; Headlight oil, 12c per gallon.

Tobaccos and Cigars, Plug Tobacco, Smoking Tobacco and Fine Cut.

Bull Dog plug tobacco, 40c; Durham plug, 50c; Perfection plug, 35c; Hiawatha plug, 30c; Knights of Labor plug, 30c; Sweet Heart plug, 50c per pound. Fine cut, 25c, 50c; best, 75c per pound. Smoking, 15c, 20c, 25c; best Durham, 45c per pound. Choice cigars, $1.50 per box; good cigars, 60c and $1 per box.

President Hughart, of the Grand Rapids and Indiana railroad, says that the officers of that road are taking extra precautions against accidents, and are examining, testing and inspecting the 800 or more bridges on their lines.

The Sængerbund held a special meeting last night to arrange for their excursion to Toledo on the 11th of September. A committee, consisting of William Schlagel, Louis Gerwig, and Paul Richter, was appointed to complete arrangements for the voyage.

Mr. J. M. Coombs has a letter from the Fowlerville Nut and Bolt Co., at Fowlerville, N. Y., saying that their works were recently destroyed by fire. The company is looking for a new location and asks what Fort Wayne can do for them. They employ 100 men, and the matter will be placed before the Business Men's exchange.

The remains of C. G. Baker, of Pierceton, Ind., passed through the city yesterday, en route to Michigan, where they were taken for burial. Mr. Baker was a prominent druggist of Pierceton, and his death, by suicide, was mentioned in the telegraph columns of Monday's SENTINEL. He had a number of friends here and was a frequent visitor in this city.

The use of natural gas in brick kilns promises to practically revolutionize that business and greatly reduce the cost of the product. It has been put into kilns at Anderson, and is furnished at a cost of only 20 per cent. of the outlay for fuel under the old system. In addition to this there is a saving of 50 per cent. in wages of kiln attendants, and there is practically no loss of bricks from over or under burning.

Thos. Kearns, Mart Golden, Ira Bowen and Peter Koehlinger were before acting Mayor Ryan this morning, to answer the charge of drunkenness. Bowen will be bailed out, but the other three went over to the stone pile, notwithstanding Koehlinger's appeal for liberty. He insisted that he had been on the sick list, and was unwell last night. The lobby laughed at Peter's appeal, and he sat down somewhat after the style of a crushed tragedian.

The capacity of a freight car is nominally ten tons, or 20,000 pounds. The following can be carried: Whisky, 60 barrels; lime, 70 barrels; flour, 90 barrels; eggs, 130 to 160 barrels; flour, 200 sacks; wood 6 cords; cattle, 18 to 20 head; hogs, 50 to 60 head; sheep, 80 to 100 head; lumber, 6,000 feet; barley; 300 bushels; apples, 340 bushels; flax seed, 360 bushels; corn, 400 bushels; potatoes, 430 bushels; oats, 680 bushels; bran, 1,000 bushels; butter, 20,000 pounds; oranges, 250 boxes; strawberries, 20,000 pounds, including refrigerators; all other fruits of all kinds, 20,000 pounds to the car. They are now building cars of 40,000 to 60,000 pounds capacity, in which 500 boxes of oranges can be loaded.

The regular "home" meeting of the city Y. M. C. A. will be held to-morrow evening, at the residence of Mrs. Darker, 77 Butler street, beginning at 7:30, city time. This change of time is made to enable those who wish to attend the lawn festival given by the auxiliary to do so.

Mr. Gabriel Moser, of Pierceton, Ind., this morning purchased Emil Habercorn's saloon, on Calhoun street, paying therefor $2,500 cash. Mr. Moser was formerly in business at Columbia City and is a very clever gentleman. He is worth considerable money and will keep a first-class place.

Councilman John Kensill is very much interested in the project to pipe natural gas to Fort Wayne. He tells us that at Sharon, Pa., the water works pumping house is supplied with gas fuel at a cost of from $3 to $5 per day. At Youngstown, Ohio, they pay $150 per month for gas. It is piped to Sharon, Pa., a distance of fifty-two miles, and to Youngstown, a distance of sixty or sixty-five miles. The water works authorities there said to Mr. Kensill that they thought they would only pay next year, for the same amount of gas, $1,200. "If we have as good a supply at Hartford City as is represented, it seems to me it could be piped that distance at a good profit to the undertakers" concludes Mr. Kensill.

Churubusco and Stone's Crossing good quality flour, $3.75 per barrel.
FRUIT HOUSE.

LACES, fine embroideries, and other articles too delicate to bear rubbing, may be cleaned satisfactorily and without injury, if you will pare into fine shavings one-fourth of a cake of Ivory Soap, which dissolve in a quart of hot water; fill a glass fruit jar half full of the solution and add the article to be cleaned, then shake well. Rinse in the same manner in clear, luke-warm water.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Ivory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Almira C. Lininger this morning obtained in Judge O'Rourke's court, an order restraining Francis E. Lininger from drawing his pay or the Pennsylvania railroad company from delivering it to him or any one else after August 1st. Mrs. Lininger sued for divorce today, and she wants her husband's revenue arrested until her grievances are aired.

Ed. Deegan, who operates one of the big hammer fires in the Pittsburg shops, is lying at the point of death at his home in Mechanicsburg. Yesterday morning, while at Andy Kalbacher's feed store, he was seized with a chill and had to be taken home. He has since been in a sort of comatose condition, save when he rises from his bed in a bewildered manner. He refuses to believe that he is sick, and can retain no medicine. Dr. Van Buskirk is doing all he can for the sufferer, but the chances are against him.

A Long Lived Family.

The Warsaw *Times* says: "Nearly everybody in the county knows Milo R. Barbour, who resides near Silver Lake. His invariable good humor, his repartee, and his vast fund of stories has always made him a welcome addition to any crowd. While enjoying the best of health, and apparently as rugged and as young looking as many men 45 years of age, few people would believe it, were his real age of over 85 years stated to them. Yet, such is the fact.

Mr. Barbour, addressed an inquiry in reference to the age of his brothers and sisters, and the following reply from his brother, Myron F. Barbour, who resides at Fort Wayne, was received, most certainly showing that the Barbour family is one of the longest-lived in this part of the country. Myron F. Barbour says in his reply that Laura Godfrey (a sister,) was, at the time of her death, 88 years, 9 months, and 7 days old; Mrs. Sylvia Briggs, another sister, 89 years, 11 months, and 27 days; Milo R. Barbour, 85 years, 9 months, and 7 days; Nancy Adams (a sister,) 77 years, 10 months, and 16 days, and Myron F. Barbour, 75 years, 11 months, and 7 days. These are remarkable ages as occurring in the same family, and we very much doubt if a like instance of longevity can be found in the whole country.

Vandalism at Hesse Cassel.

Editor SENTINEL.

Under the head line of "Vandalism at Hesse Cassel" an effort is made to get even, through a news paper article, by a certain person, on whose tracks the "hounds of the law" have not only been but have in reality treed the coon. Whether the brave and gallant fireman, whose timely arrival saved the bridge over Marian's creek, and who wrote the article referred to, will escape the "hounds of the laws" by crawling out of some hole, or whether he will be "meat" for those same hounds, remains to be seen. The citizens of Hesse Cassel have more to do generally than measuring tracks in the dust and then intimating scandal about neighbors. If the "brave fireman of Meriam's creek" would attend more strictly to his own business, and not intimate crimes against his neighbors he would have less law suits to defend, and would not need to card papers about vandalism or blow his own horn about putting out fires. "It is the singed cat that squeals."

ONE of the most singular incidents connected with the burning of the Opera Comique, says a Paris letter, was the wonderful escape from death of one of the chorus-singers. On the first alarm he had rushed up-stairs to his dressing-room on the fourth floor to save his small possessions, and on arriving there, overcome with heat and smoke, he had fallen on the floor in a swoon. There he lay in a state of utter insensibility for over two hours. His dressing room was fortunately situated in an angle of the building which the flames did not reach, the state of syncope in which he was had suspended respiration, and so, unharmed by the fire or by the poisonous smoke and gases evolved from the burning scenery, he remained there in safety while death and destruction were rioting around him. It was long past 11 o'clock when he came to his senses and realized the horror and danger of his position. He made his escape by a staircase leading to the Rue de Marivaux, and on finding himself in safety he once more became unconscious and was taken to a pharmacy, from whence he was transferred to a hospital. A few days ago he was discharged, cured, after suffering severely from his long sojourn in the pestilential atmosphere of the burning building. He can now boast of being the only person who remained for two hours in the Opera Comique after the fire broke out, and who then escaped not only alive, but comparatively unhurt.

A FATAL WRECK.

An Emmigrant Train Runs Into a Freight and the Engineer and the Fireman are Instantly Killed—Fifteen Emmigrants Injured.

WHEELING, W. VA., Aug. 24.—An emmigrant train coming west on the Baltimore and Ohio railroad this morning ran into a freight train at Easton siding, twenty miles east of this city. Al Smith, the engineer of the emmigrant train, and Isaac Arbuthnot, his fireman, were instantly killed. The engineer and firemen of the freight train are only slightly injured.

Fifteen emigrants are seriously, but not none fatally hurt. They have been taken to Cameron for surgical attention. Smith and Arbuthnot lived in Wheeling, where they have families. The accident was the result of a misapprehension of orders on the part of the engineer o. the freight train, who thought he had the right-of-way and pulled out from the siding as the emigrant train came up.

WAIT AND SEE.

What Joe Clark, the Merchant Tailor, Will Have to Show You.

This evening Mr. Joseph Clark, Fort Wayne's fashionable tailor, leaves on his semi-annual trip for New York to lay in his fall and winter stock of goods. Mr. Clark enjoys the reputation of being an artist in his line, second to none in the trade in this or any other city, and his eastern visits are not only to make his purchases, but to observe the styles and the manner in which they are made, thus giving his patrons all the advantages of the latest styles of clothing, both in patterns and make-up. This season he will endeavor to lay before his customers such a line of goods never before seen in Fort Wayne.

JOHN PROVINES.

His Body Found on the Bay Shore After He was Missing Ten Days.

The death, by drowning in Michigan bay, of John Provines, a brother of Mrs. Geo. R. Hench, of this city, was mentioned briefly in yesterday's SENTINEL. The following dispatch, in reference to his death, appears in this morning's Grand Rapids *Democrat*:

ISHPEMING, Aug. 24.—The body of John Provines, who has been missing ten days, was found on the bay shore in Menominee, Mich., last night. Provines was a single man, twenty-two years old, and a resident of Huntington, Ind.

His funeral occurred this afternoon, at Huntington, and Mr. and Mrs. Geo. R. Hench were in attendance.

Illinois Corn.

CHICAGO, Aug. 24.—A special from Marion, Ill., says: The rains have not increased the crop of corn one single grain anywhere in the drought stricken district, for most of the bloom from the tassel has been off and the tassel dead, and without it no single grain would be formed. The stalks appear of good growth, but without ears.

Fire Among Race Horses.

CINCINNATI, Aug. 24.—A drunken stableman in some way set fire to the stables at the Latonia race course early this morning, and twenty-eight stables were burned, with four valuable trotters, owned by Mrs Bagher. The loss was $9,000.

FOREIGN.

SOFIA, Aug. 23.—M. M. Stoiloff has refused to join the ministry, which will apparently be composed of nonentities, as all the leading men of the country are holding aloof.

Going Home.

NEW YORK, Aug. 24.—Mrs. Grover Cleveland arrived here early this morning and left for Washington.

HE IS A DAISY.

Michael O'Brien's Gala Observance of His Brother-in-law's Arrival.

Michael O'Brien lives on Barr street, near the railroad shops, when he is housekeeping. A week or more ago his brother-in-law came to visit him, and together the two proceeded to celebrate the occasion. They have not sobered up since, and after a few days of this prolonged session, Mrs. O'Brien left home and sought shelter with her niece on Spy Run avenue. Yesterday O'Brien's finances got too low for the transaction of further business, and he hunted Mrs. O'Brien up. He met her on Spy Run avenue, and because she refused to hand over her purse, the brutal fellow struck him in the face, blacking both her eyes. Mrs. O'Brien at once filed an affidavit, charging the facts narrated above, before Justice Ryan.

This morning the good woman, true to the nature of her sex, repented her legal proceedings, and tried to impress Justice Ryan that her husband collided with her accidentally. Mr. Ryan wouldn't have it that way because there was prima facie evidence of guilt, and fined the man, who was still drunk, $1 and costs making $10 in all. He must go to jail if his faithful wife does not bail him out.

VERY PLEASANT.

The Tenth Anniversary of the Marriage of Mr. and Mrs. S. A. Northrop Celebrated.

A part of Pastor Northrop's vacation has been passed at Fenton, Mich., where he was the esteemed pastor of the Baptist church for over five years. Some of their many friends helped them celebrate their tenth wedding anniversary, Aug. 10th. They were kindly remembered by appropriate gifts, after a most elaborate tea. The following poem, conceived by a blind lady of talent and culture, was written especially for the occasion:

To Rev. S. A. Northrop and wife, on the Tenth Anniversary of their Wedding:

Ten years ago to-night, two well trim'd boats
With sails all set, met on the stream of time
And glided on together—with this change,
The two—were one, so said the wedding chime.

Ten years ago! It was a calm bright day,
When from the harbor, near the Flowery Lea
The two, now one, drifted from the shore,
And down the river towards the far off sea.

Ten years ago! And down the widening stream,
The boat has glided with untiring oar;
The sunlight, falling on the waters smooth,
And songs of wavelets, dashing on the shore.

Ten years the boatman with tireless skill
Has guided well—over the waters blue
That well trim'd bark, whose white sails from afar
Proclaim its progress, on its mission true.

Ten years! The whirling eddies by its side
Have dropped into their circling depths, the sunbeams
Falling on the way, and holds them fast
To brighten up life's sombre, midnight dreams.

Ten years! And here, to-night, that bark is moored
In the smooth harbor, by the flowery lea;
Pull down the sails—look back—and rest awhile,
E'er you resume the journey towards the sea!

Ten years! And has no dark cloud o'er dim'ed the sky?
No shadows fallen o'er the sunny way?
No weary heart, or brain, in all the hours?
No summer's scorching heat—no winter day?

Ten years! Without a tempest, or a storm
Thy moorings here to-night, no rest would be!
It's "weariness" alone, that seeks a calm,
"Peace" stilled a restless, tossing sea!

Ten years of work; ten years of life;
Ah, well! How rapidly they've passed away!
Another ten, and down the winding stream
You'll stop to rest, perhaps, 'neath shadows gray.

Ten years! Then ring the bells to-night!
The "wedding bells" for hearts are warm and true;
They have been tried in peaceful calm, and storm,
And now would pledge their ardent love anew.

So sang my heart to-day,
In low soft rapsody—
This feeble, simple lay,
My friends to you,
As 'memory' brought the years,
So full of smiles and tears,
Of gladness, hopes and fears,
Back to my view.

Ten years, by flowery vale;
Ten years 'neath flying sail;
Ten years without a gale,
With oarsman true!
Then came this fervent plea;
That Christ would ever be
Thy guide, e'en to the sea,
'Neath skies of blue.

With love, from MRS. F. GORTON.
Fenton, Mich., Aug. 16, 1887.

Business Embarrassment.

CINCINNATI, Aug. 24.—The house of McHenry & Co., dealers in gas fixtures, has given a mortgage of $60,000 to the firm of Vance and Company, of New York. This was done in the hopes of saving the New York firm, but was ineffectual.

A COOL RECEPTION.

A Burglar Shot and Fatally Wounded While Trying to Effect an Entrance Into a Residence.

ST. LOUIS, Aug. 24.—At 2:30 o'clock this morning, Dr. P. Marx shot and fatally wounded a burglar who was trying to enter his residence. The burglar was shot in the neck and in the right breast. He gave his name as Henry Sanger, of St. Louis.

AROUND THE CITY.

The News of the Day as Gathered from the Railroad and Manufacturing Centers of the City.

There was a dearth of news at the railroads.

Yesterday was pay-day on the Lake Shore road.

The manufacturing establishments are still in need of working men.

The repairs in the office of the Pittsburg boiler department has been completed.

The Wabash employes received their pay yesterday, and the boys are happy this morning.

W. H. Lewis, master mechanic of the Nickel Plate, made an inspection of the Fort Wayne shops yesterday.

J. E. Ellsworth, a leading carriage maker of Decatur, Ind., was a visitor at the Olds wheel works this morning.

The cool wave rests nicely on the employes in the manufacturing establishments, and they hope it will continue.

G. L. Potter, the assistant master mechanic of the Pennsylvania company, has gone east on a few days absence.

Walter Simpson has been appointed agent of the Wabash road at Jacksonville, in place of J. J. McIleisen resigned.

Charley Sossenheimer, the assistant foreman in the Pittsburg shops, has the St. Julian excursion to Warsaw in charge.

Mrs. D. Andrews, the wife of the well known Pittsburg boilermaker, has gone east for a few months visit among friends.

G. S. Johnson, of Grand Rapids, chief engineer of the G. R. & I. is the guest of Master of Transportation Hunter.

The place of cashier in the P., F. W. & C. R. R. freight office, vacated by the resignation of Mr. Harry Templar, has not yet been filled.

Henry Zanner, the machinist at the Bass works, is engaged to-day in superintending work that the Bass works is doing at the Berghoff brewery.

Charley Cherry, the Pittsburg clerk in Tom Meegan's office, uses his velocipede in making his daily trips from his East Washington street home to the shops.

The Young Men's Sodality took four car loads of excursionists to Rome City this morning. They were a merry party and will undoubtedly have an enjoyable time.

Tom Mills, the popular machinist in the Wabash shops, is working up the excursion of the Wabash employes to Put-in-Bay, and if anybody can make a success of it, Tom can.

Four locomotive engines for the Inter-State Elevated railroad at Kansas City, passed through the city this morning on the Wabash. They were made at the Baldwin locomotive works.

An engine on the Pittsburg road while trying to make the switch this morning, near the Calhoun street crossing, became entirely derailed, and it took two hours to get it on the track again.

Shorty Longfield and Mike Baer, the two expert wheel finishers in the Olds works, are considering an engagement with the Electric Belt singers who held forth on the public square last week. Longfield has a coarse bass voice and Baer a fine tenor, and if they accept the position offered them by the Electric Belt Company, they will rise to giddy heights in the profession.

Charley, the industrious son of Jasper N. Hasty, who is in the employ of the P., F. W. & C. R. R. at their shops in Fort Wayne, was, yesterday afternoon, at the residence of Henry Vaughn, united in marriage to Miss Mary Topp. Rev. A. Blackburn pronounced the ceremony, and there is no doubt but that she is now Hasty's Topp. The happy couple left for Fort Wayne, where they will reside.—*Lafayette Courier.*

THE AMERICAN PARTY.

An Official Call Issued for a National Convention of the New Party.

PHILADELPHIA, Aug. 24. The executive committee of the new political party recently organized in this city under the name of "The American party," to-day issued an official call for a national convention to meet in this city Friday and Saturday, September 16 and 17.

Its principles as announced are as follows: First. To emphasize and perpetuate the sentiment of America for Americans. Second. The restriction of emmigration. Third. Thorough revision of the naturalization laws. Fourth—Reserving American lands for American citizens only. Fifth—Protection of Americans in all their rights on the land or sea, in all parts of the world. Sixth—To restrict and guard the right of the elective Franchise. Seventh—To abolish polygamy in the United States immediately and entirely. Eighth—To enact and enforce such laws as will tend to eradicate intemperance. Ninth—To develop the resources of the country by a wise system of internal improvements. Tenth—To protect and promote the American system of free common schools. Eleventh—To adjust the relations between labor and capital.

Col. Talmage's Children Cut Off With $10.00.

ST. LOUIS, Aug. 23.—It is stated that the three oldest children of the late Col. A. A. Talmage will contest their father's will. Col. Talmage left most of his property, said to be worth half a million, to his wife. He was married twice. To three children by his first wife and to the five children by the present Mrs. Talmage he gave $10 each. The three children of his first wife are said to be greatly dissatisfied with the terms of the will.

A Lunatic's Long Walk.

WABASH, Ind., Aug. 24.—This morning Daniel Small, who escaped from the asylum at Indianapolis, Sunday, arrived in this city, having walked the entire distance, ninety-two miles. His lower extremities were frightfully swollen and he showed great exhaustion. Small explained that he desired to visit his relatives and took the opportunity to steal under the gate when not watched. He will be taken back to the asylum in a few days.

Mrs. Molloy Securing Evidence.

LEAVENWORTH, Kan., Aug. 24.—Emma Molloy, of Graham murder notoriety, was in the city to-day securing evidence to be used in her forthcoming trial. She had nothing to say to newspaper men, and seems desirous of her presence not being known. She was dressed in mourning, and did not have the appearance of being a principal figure in a murder trial.

The Weather.

WASHINGTON, August 24.—Indiana, generally fair weather, cooler Thursday morning, followed by a slight rise in temperature.

THE MARKETS.

NEW YORK, Aug. 24.—The stock market was heavy to weak at the opening, the declines ranging up to ½ per cent. The market soon rallied. The improvement was short lived, however, and prices again moved off. It is unsettled and dull at 11 o'clock.

Noon—Money, easy at 4@5 per cent.

NEW YORK, Aug. 24.—Wheat, ½@¾c lower, dull and heavy; No. 2 red, Aug. 80. Corn ½@¾c lower and heavy at 49½@50½c. Oats shade lower fairly active at 32@40c.

TOLEDO, Aug. 24.—Wheat, dull lower, at 74c. Corn, lower and quiet at 44c. Oats, steady, at 26c. Cloverseed, easy at $4.55.

REV. J. F. DICKIE, of Detroit, who recently returned home from Europe, is reported by the *Free Press* as saying that "the biggest man in England is Buffalo Bill. It is simply astonishing to witness the crowds which go to see his show. Every railway coach is jammed and the interest does not seem to abate. The American Exhibition would have proven a flat failure had it not been for Buffalo Bill's 'Wild West' show. It has been witnessed by all the nobility and by all the kings and queens who have visited London since it has been running. Even a special exhibition was given to Queen Victoria herself. The people seem to have gone crazy over both him and his exhibition. One thing I particularly noticed at the exhibition was a collection of taxidermied Rocky Mountain sheep, bears, lions, etc., which an English sporting club has slain in America and kindly loaned to the management for exhibition. Another new thing is the sale of American pop corn, nothing of the sort, I understand, having ever been known before in England. It is quite the craze now. A toboggan slide was also on exhibition, and proved a great curiosity to the native Englishman."

"A young lady of Austin, Nev.," says the *Reveille*, "who has much time to spare and who is very skillful with the needle and excels in all fancy crochet work, has made a unique dress. The material is common spool thread, white, and the entire dress is hand-crocheted work, beautifully flowered and strongly made, and about 10,000 yards of thread were used in its construction. The sleeves are crocheted in the proper shape and are fastened on by a lock-crocheted stitch. It is a very beautiful dress and the young lady tells us that it took her three months to complete it."

Daily Sentinel

WEDNESDAY, AUGUST 24, 1887.

Philip Hensen, of Corinth, Miss., has probably the longest beard of any male biped in the world. Hensen is a man sixty years of age, six feet two inches tall, and when he stands erect his beard touches the ground. It has not been cut for eleven years and is still growing.

The President is now in excellent health, and Col. Lamont says he has been in a fine condition ever since he first went into the White House, with the exception of two or three turns of ordinary rheumatism. He has all his life been accustomed to indoor work, and he gets as much exercise as he ever did.

Chief Justice Waite has entirely recovered from his illness of a year or so ago. He wears his seventy years exceedingly well. His eye is bright and his step is firm, and the wrinkles in his dark, square face are few. His beard is, however, beginning to grow gray, and his black hair is already tinged with bright silver.

There were 27,544 immigrants landed at Castle Garden during the month of July. They came by seventy-three different steamers, and their total number is greater than the immigration for the month of July last year by 3,410. It is calculated at Castle Garden that the total immigration for the year will be almost 400,000. In 1882 it was 445,000; in 1881, 441,000.

Gen. John Bidwell, who recently gave eight acres of his great ranch at Chico, Cal., as a site for the new Normal School of Northern California, went to that State long before the discovery of gold. He bought his ranch of 20,000 acres for $1,000, and now it is worth $2,000,000, and yields an income of $100,000. Gen. Bidwell used to be a great wine producer, but his second wife has induced him to root out all his wine grapes and replace them with raisin grapes.

The *New Age*, a Maine paper, tells the following story, in which a Kennebec horse-buyer figures: "Mr. Jas. Keegan had bargained at Prince Edward Island for a fine horse, the price to be $175, and was just about to hand over the money when he remarked: 'The halter goes with the horse, of course; I have none with me.' The halter in question was an old one, worth, perhaps, 40 cents. 'Oh! no,' replied the owner; 'if you want the halter I want my pay for it.' This was too much for our genial friend Keegan, and quoth he: 'How much do you want for your old halter?' 'Seventy-five cents,' was the reply. 'All right,' said Keegan, 'here's your 75 cents; that's just such a halter as I've been looking for!' And as he passed over the change he quietly took off the now his halter, put the $175 back into his pocket, stepped into his buggy, and rode away, leaving his overgrasping owner to lament the loss of a good sale and to get home his bridleless horse as best he might."

A Good Appetite

Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

D. O. Mills is having a $7,000 bronze door made for the tomb that he is building at Tarrytown, N. Y. It will be 8 feet 6 by 4 feet 6. The style is in imitation of the old-fashioned oak doors, with a lattice-work top. The paneling, cross pieces and wood grooves are to be repeated in bronze. Three companion pieces are to be made as windows. They are 3 feet by 4, and in bronze lattice work.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and over a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and am cured." C. E. Lovejoy, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

Is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier.

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid, finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. Stanton, Mt. Vernon, Ohio.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Made only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

COUNCIL PROCEEDINGS.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, Aug. 23, A. D. 1887, in regular session. His honor Councilman Doehrman in the chair, and present the following members, viz:

Councilmen Buttenbender, Doehrman, Griffith, Halter, Hazzard, Kendall, Lahmeyer, Michael, Monahan, Meyer, Read, Scheid, Shordon, Wessel, Woolfe and Weibler—16.

Absent—Councilmen Kelker and Williams.

The minutes of the last regular session having been delivered to the councilmen were approved as published.

After the motion of Mr. Griffith, instructing the city attorney to proceed against Mr. Joseph Derheimer for neglecting to fulfill the sidewalk contracts on Lafayette street and Broadway and paving contract on West Main street, was reconsidered and the same referred back to the street committee, with power to act.

BILLS ALLOWED.

The following bills were on motion of Mr. Doehrman allowed:

Street Commissioner's pay roll	$546 12
Chas. Ehrman	26 31
Fleming Manufacturing Co	6 11
George Ehrman	14 55
Fred C. Boltz, agent	20 00

PETITIONS.

The Volker & Felhousen Manufacturing company asked for specifications for the proposed new water works. Referred to the committee on water works.

Daniel Neel and others prayed the council to raise the grade of the sidewalks on south side of DeWald street. Referred to the committee on streets and civil engineer.

The trustees of the public schools represented that water flowed into the cellar of the school building at the corner of Creighton and Holton avenues, and asked that a sewer be built there to carry off the water in that vicinity. Referred to the committee on sewer and civil engineer.

F. G. Birch et al represented that Miranda B. Hopkins fenced in a part of Mechanics and Huron streets and asked that said parties be legally instructed to remove the same. Referred to the committee on streets.

Eliza Hanna Hayden remonstrated against the building of a sewer in the alley between Hoagland and Eliza streets. Referred to the committee on sewers.

J. B. White and others asked for a cobble stone pavement in the alley from Lewis to Montgomery streets, between Calhoun and Clinton streets. Referred to the committee on streets and alleys.

August Helling represented that if the water basin at the pumping house was sunk to a depth of four feet below the river level it would give forth a sufficient water supply, adding that he would give all further information desired. Referred to the water works committee.

Jacob Kern and others asked the council to give them permission to use the private sewer of Wm. Tergene and Fred Helling, in the alley between Washington and Jefferson streets, as an outlet for a sewer in the rear of the property as all parties interested are satisfied. Referred to the sewer committee and city attorney with power to act.

REPORT OF COMMITTEE ON FINANCE.

We, your committee on finance respectfully report,

That we have examined the reports of the city clerk and treasurer and find them to correspond with the books of their respective offices. We also find the reports of the city weighmaster and market master correct.

We find that many licenses have expired, and have not been renewed. The city clerk has assured us that he has notified the parties whose licenses have expired, but said parties pay no attention to such notice.

The clerk also states that he has handed to the marshal the names of parties who are delinquent, but the marshal has neglected to enforce the ordinance. For this reason we earnestly request the council to take some action in this matter and see that the ordinance is complied with, and the truckmen and expressmen be compelled to have the numbers of their licenses painted on their wagons.

We would also recommend that the proper officers instruct the day patrolmen to examine all peddlers found selling goods in the city, and see that they take out the proper license. We have requested the city attorney to report in writing on this subject to-night.

REPORT OF FIRE COMMISSIONERS.

We, your board of fire commissioners, respectfully report that the four-wheeled hose cart now in service at the center engine house is in a bad condition and is to be repaired at once. It has to have four new wheels and two new axles and other repairs at a probable cost of about $110 to $125, and we would further report that the hose wagon we now have in the department has proven to be better than a hose cart and the difference in the price of repairing the cart and a wagon might not be so much but what it would be to the interest of the city to purchase a wagon. We therefore recommend that the commissioners be instructed to advertise for bids for bids for a hose wagon and repairing the hose cart so the council may decide after hearing bids.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

We, your committee on streets and alleys respectfully report:

1. The contract of Jos. Derheimer to pave with cedar block the east side of Harmony court.

2. The contract of Wm. Horstman to pave with brick the sidewalk on south side of Grant street.

3. The contract of Wm. Horstman to pave with brick the sidewalk on north side of Grant street.

4. The contract of Wm. Horstman to take up and reset the curbing on the north side of Jefferson street from Harrison street to [illegible] street.

5. In favor of the resolution of Councilman Lahmeyer to grade and pave with brick the sidewalk bordering on lot No. 42 Wallace addition.

6. In favor of resolution of Councilman Scheid to grade and pave with brick the sidewalk on the north side of Wallace street.

7. In favor of resolution of Councilman [illegible] to grade and pave with brick the sidewalk bordering on lot No. 5 [illegible] addition.

8. In favor of resolution of Councilman [illegible] to grade and pave with brick the sidewalk on west side of Comparet street.

9. In relation to the resolution of Councilman [illegible] to grade and pave with cedar block the gutters on the south side of Main street from Barr to Lafayette streets, we would recommend the improvement to be made on the gutters unless the street is improved at the same time.

10. In favor of resolution of Councilman Wessel to grade and pave with brick the sidewalk on the north side of Grant street, from [illegible] streets.

11. In reference to the recommendation of the street commissioner to erect a protection fence on the east side of [illegible] street, we would report the same to be erected.

12. We would recommend a proper resolution to be passed to grade the walk on the east side of Lafayette street to Walton street between Buchanan and St. Martin streets as asked for by a resolution of Councilman Scheid, the same to be done at the expense of the property owners.

13. In relation to the resolution of Councilman Scheid asking to protect the sidewalks on the north side of Williams street and fill up the low places on the street, we have instructed the street commissioner to do said work.

14. The petition of the owners of the Citizens' Street Railway asking to allow them to put down their double track on Calhoun street and referred to your committee with power to act, would report that we have allowed said work to go on providing the owners of said road protect and put said street in a condition so it will not interfere with the general public to drive over said street and to not make any obstruction thereon which would cause the same to be dangerous.

15. In reference to the resolution of Councilman Scheid asking to have a part of the south side of Williams street taken up and relaid at the expense of the city, would report that a similar resolution on June 8, 1886, was introduced and referred to the engineer and committee on streets, but there has no report been made, and we again would ask to have the engineer bring in a report to show whether or not said walk is on grade.

16. Our ordinances have been revised, but very little attention is paid to enforce the same. We have principal reference to the width of tires on trucks and wagons. At an enormous expense property owners are compelled to improve the streets, and already some streets are done and others in progress of completion and if the proper officers do not enforce the above named ordinance and compel every owner of such vehicle to comply with the order of the council, the newly improved streets will soon be all cut to pieces again, then the complaint comes, poor work and poor material. It is impossible for any street to stand up for the travel that goes over them. Here you see trucks loaded with stone weighing three and four tons with a very narrow tire, or wagons loaded with two or three tons of coal also with tires the same width, and some of our sand haulers hauling logs and brick and hauling brick with tires on their wagons hardly heavy enough for an ordinary load, and officers in charge pay no attention. We, therefore, recommend his honor the mayor and city attorney be instructed to compel the officers in charge to enforce this ordinance at once, regardless who the parties may be.

17. We are also at a loss to know what to do with Cass street, between Lake Shore road and First street, where the new street car track was put down, as the same is in such condition that it obstructs the street in such a manner that it is impossible for any vehicle to cross over, and in our opinion the work was not done according to the ordinance as this council passed it, and we recommend that the civil engineer be instructed to report at next meeting whether or not said track has been constructed according to the grade he gave; if so how he intends to remedy it without expense to the city or property owners, and bring the street in proper shape so it will conform with the grade of the sidewalk.

18. Considerable complaints are made in reference to the grade of the newly laid sidewalk on Calhoun street, principally on the corner of Calhoun and Jefferson streets, also Calhoun and Lewis streets and along Calhoun street between Douglas avenue and Brackenridge street, where the flagging does not rest on the curbing. In consequence the curbing is set too low, and we would recommend that the civil engineer be instructed to report to this council at its next regular meeting if said walk is laid according to the grade he gave and if so how he intends to remedy it and at whose expense.

Wrong

To imagine that the treatment of Constipation consists merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. This is what Simmons Liver Regulator always does.

"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels. W. J. McELROY, Macon, Ga.

Believe us, when we tell you that most of the despondent feeling (the Blues) is the effect of a Torpid Liver, Indigestion, Weakness of Stomach, and Nervousness. A dose of Simmons Liver Regulator invariably relieves, cures and prevents a re-occurrence.

"I find Simmons Liver Regulator very safe, harmless and valuable as a family medicine, and have used it [illegible] ... Rev. JAMES M. ROLLINS, Fairfield, Va.

Simmons Liver Regulator is given with safety and with the happiest results, in almost any ailment, to the most delicate infant as well as to the adult. For all diseases in which a laxative, alterative, or purgative is needed, it will give the most perfect satisfaction. It is the cheapest, purest and best Family Medicine in the world.

Price $1. Sold by all Druggists. Prepared by J. H. ZEILIN & Co., Philadelphia, Pa.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) $1.00, or six bottles for $5.00.

REPORT OF SPECIAL COMMITTEE ON STREET CAR TRACK EXTENSION.

We, the special committee to whom was referred the subject of the street car track extension to Third street, respectfully report that we have ordered the crossing of the Wells street bridge by said track to be made on the east side of said bridge, and by laying the rails upon the present floor of the bridge, and a new floor to be then laid of white oak timber one and one half inches thick upon and over the old floor; by so doing the bridge will be in no manner injured or its strength weakened, and it will also give a smooth and unobstructed roadway.

We herewith present the agreement of Messrs. Bass and Bond to so construct such crossing.

Whereas, The ordinance passed by the common council of the city of Fort Wayne, authorizing the Citizens' Street Railroad company to lay its track over the Wells street river, provides that the crossing thereof shall be made under the supervision and to the satisfaction of the city civil engineer and the common council's committee on streets. Now then, the said engineer and committee having ordered said track to be laid upon the present floor of said bridge, and said company then to place upon and over the floor now existing a floor consisting of white oak timber one and one half inches thick, to be placed and laid to the satisfaction of said engineer and committee. We hereby bind ourselves and said company to do said work and make said crossing as herein provided, at our own expense and to the perfect satisfaction of said engineer and committee.

Witness our hands and seals this 23d day of August, 1887.

REPORT OF CIVIL ENGINEER AND CITY ATTORNEY.

We, the civil engineer and city attorney, to whom was referred the subject of the sewer beginning in the alley between Calhoun and Harrison street, in the Sixth ward, respectfully report that said sewer at its head will be one foot and three inches lower than the Calhoun street sewer. The sewer might be made to empty into the Calhoun street sewer, if used for no other purpose than surface drainage, by not sinking it so low, but if the sewer is to be used for other purposes, such as cellar and vault drainage, then it cannot be emptied into Calhoun sewer, so as to give it the proper fall for that outlet would at some points bring it within four feet of the surface. As to the legality of assessments for its construction, if lawfully and fairly made by the proper committee and approved by the council, they can be collected, whichever course the council may choose to adopt.

J. S. GOSHORN, City Civil Engineer.

REPORT OF CITY ATTORNEY.

I respectfully report:

1. In the matter of the petition of Joseph Derheimer, asking for an extension of time on certain contracts, I am advised by the proceeding that I shall proceed according to law. I consulted Mr. Derheimer and found that on some of the work he has already put labor and has material bought and on the ground to finish the same. He seems willing to pay the forfeit, but I thought maybe the city would rather have the work promptly done than recover a forfeit and re-advertise for bids. My reason for reporting back is that court does not meet sooner than September 5, and therefore no time is lost in asking for direct instruction.

2. The finance committee requests me to report upon the questions of city license and the remedy of the city against those doing business openly, without the license required by the ordinances. The fault is with the marshal. It is his business to know whether or not a person conducting a business openly, requiring a license, has or has not such license. The mayor, clerk, marshal, attorney, or no other city officer has the right to allow anyone the permission of conducting a business requiring license to run the same without a license. The clerk should give the names of all those whose licenses have expired to the marshal and if he finds any such conducting their business file an affidavit against them. No person should be notified to get his license. If he fails he should be fined and when it is known that they will be fined unless they have such license, all will procure their licenses as a matter of duty. A bad habit that has grown upon the council is the introducing of resolutions calling upon city officers to discharge duties put upon them by the charter and the ordinances. The proper resolution would be one requesting such officer to answer to the council why such duty is not performed without waiting for orders from the council.

HENRY COLERICK, City Attorney.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla which gives strength, a good appetite, and health.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Jan 19-eodawly

MRS. SHARPE'S [illegible], of Washington County, Georgia, has a clothes brush which her grandmother gave to her son, Mrs. [illegible]'s father. The brush was brought from Ireland by the grandmother nearly [illegible] years ago, and is probably considerably over one hundred years old. It is in an excellent state of preservation; in fact, good for another generation or more. It has [illegible] ... shape of a gourd four feet in length.

BABY HUMORS

And all Skin and Scalp Diseases Speedily Cured by Cuticura.

Our little son will be four years of age on the 25th inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician who treated him for about four weeks. The child received little or no good from the treatment, as the breaking out, supposed by the physician to be hives in an aggravated form, became larger in blotches, and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him Cuticura Resolvent internally, and the Cuticura and Cuticura Soap externally, and by the last of August he was so nearly well that we gave him only one dose of the Resolvent about every second day for about ten days longer, and he has never been troubled since with the horrible malady. In all we used less than one half of a bottle of Cuticura Resolvent, a little less than one box of Cuticura and only one cake of Cuticura Soap.

SCROFULOUS HUMORS.

Last spring I was very sick, being covered with some kind of scrofula. The doctors could not help me. I was advised to try the Cuticura Resolvent. I did so, and in a day I grew better and better, until I am as well as ever. I thank you for it very much, and would like to have it told to the public.

A Word About Catarrh.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established, it eats into the very vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings, leading to a fatal termination. Sanford's Radical Cure, by Inhalation and by Internal administration, has never failed; even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly driven out."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, neatly wrapped in one package, with full directions; price, $1.00.

FRUIT HOUSE PRICES FOR '87

Quite a change has taken place in a great many goods the last sixty days, the tendency being in most cases upwards. This is the case, especially in Coffee and Dried Fruits, Sugars, Teas, Syrups, Spices and Tobacco, have not advanced, but from indications they will. It will pay our customers to purchase liberally.

Sugars—White and Yellow.

Yellow C Sugar, 5½c. Standard A Sugar, 6½c. Granulated Sugar, 7c, Powdered Sugar, 7c. Cut Loaf Sugar, 7c.

NO ADVANCE ON TEAS,

Yet they will not likely remain at such low prices in the face of the large advance on Coffee. We continue to maintain our prestige in the Tea trade. Our trade has grown immensely in that line. People have no longer to send off to purchase their Teas. In order to save money we keep up the plan of buying in large lots of the importers and re-selling direct to our customers at a small profit, thereby saving to our customers the intermediate profits of jobber and wholesale dealer—which is not less than 10 to 20c.

Good, 15c per pound; choice, 30c; best, 50c. Imperial tea—Green, good, 30c; best, 50c. Gunpowder tea, 30c; best, 50c. Oolong or Black tea, 20c, 30c; best, 50c; Japan tea, 20c, 30c; best, 50c. Above prices on teas are the lowest on record and the best teas are of the highest quality—no better anywhere—the other grades are good, sweet, drawing teas and will please the most fastidious tea drinkers. Just give them a trial and satisfy yourself.

Coffee—Rio, Java and Roasted.

Best Rio coffee, 20c, per pound; best roasted Rio, 24c per pound; German coffee, 26c per pound; Housekeepers' Choice, 28c per pound; Dannemiller's, 25c. per cent.

Foreign and Domestic Fruits, Prunes, Raisins, Currents, &c., &c.

Turkish prunes, 5c; figs, per pound, 10c; pealed peaches, 20c; dried cherries, 18; unpealed peaches, 8c; dried raspberries, 30c; dried apples, 6c; dried blackberries, 15c.

Leghorn Citron, 22c; orange and lemon peel, 15c; Valencia raisins, 8c; best layer raisins, 12½c; Zantee currants, 6c; shelled almonds, 30c; seedless raisins, 10c.

Candies—Stick, Mixed and Bon Bons.

Pure stick candy, 10c; pure mixed candy, 10c; fancy toy candy, 20c, toy candies, 20c; Brazil nuts, 10c quart; almond nuts, 15c quart; mixed nuts, 15c quart; walnuts and filberts, 12½c quart.

Syrups---Maple and Sugar Syrups and New Orleans Molasses.

Pure Maple syrup, 70c a gallon; golden drips, 40c; Sorghum, 40c; New Orleans molasses, 35c; best, 40c. The sorghum is splendid and 10c lower than we ever sold it before.

WINES AND LIQUORS FOR MEDICAL PURPOSES.

Old 76, $2.50 per gallon; two years old, $1.75; one year old, $1.40 per gallon; new whisky, $1 and $1.25 per gallon; Port and Sherry wine, $1.25 per gallon; California wine, $1.25 per gallon; wines in bottles, 40c.

Machine Oils, Fish Oil, Lard Oil and Neatsfoot Oil, and Headlight Oil and Castor Oil.

Fish oil, per gallon, 70c; Neatsfoot oil, 80c per gallon; Lard oil, 70c per gallon; Machine oil, dark, 20c per gallon; Golden, 30c per gallon; Castor oil, $1.75 per gallon; Headlight oil, 15c per gallon.

Tobaccos and Cigars, Plug Tobacco, Smoking Tobacco and Fine Cut.

Bull Dog plug tobacco, 40c; Durham plug, 50c; Perfection plug, 35c; Hiawatha plug, 35c; Knights of Labor plug, 30c; Sweet Heart plug, 50c per pound. Fine cut, 25c, 50c; best, 75c per pound. Smoking, 15c, 20c, 25c; best Durham, 45c per pound. Choice cigars, $1.50 per box; good cigars, 80c and $1 per box.

WEDNESDAY, AUGUST 24, 1887.

THE CITY NEWS.

Mr. and Mrs. S. L. Morris went east to-day.

Gabe Mosher, of Pierceton, was in the city yesterday.

J. E. Garwood, of Bluffton, was in the city yesterday.

The Wabash pay car started for Toledo this morning.

M. H. Davies, of this city, was at Indianapolis yesterday.

Marshal Meyer is after the people who are violating the city license laws.

Charles Frarbach and Jenney Burgett have been licensed to marry.

The soldiers' reunion held at Warsaw, last week, was not a financial success.

No bids were sent into the council for filling up and grading the Hayden park.

Mr. Sam Barr, a jolly gentleman from Pleasant Lake, was in the city yesterday.

Mr. Sol. Redlich, of the Bankrupt boot and shoe house, was at Indianapolis yesterday.

Officer Geo. Hombrecht is at Nauvoo, Ill., to attend the funeral of his father, who died there yesterday.

The contractors at the Centlivre gas well recovered the drill yesterday, and are prepared to sink it deeper.

The Logansport *Journal* says: "Miss Katie Mader has returned from a pleasant visit with relatives at Fort Wayne."

The corner stone of the new St. Paul M. E. church will be laid on Sunday afternoon at 3 o'clock, September 4th.

To-morrow night, the committee appointed to adopt a plan of organization for the proposed Natural Gas and Pipe Line Co., will meet.

The council did not adjourn until 12 o'clock last night. There was much talking, and the city civil engineer came in for his share of attention.

Joe Derheimer has the contract to pave Main and Calhoun streets with cedar blocks, and must have the work completed before November 15th.

Mr. S. B. Alden cannot discover his dress suit, and believes the burglars who raided his home a night or two ago are swinging around the circle in broadcloth.

The Michigan City *Dispatch* says: "Guard Dick Wolfe, who took Convict Thomas Head to Wells county, as a witness, returned home with his charge Saturday night."

The Indiana game law expired on the 16th inst., and sportsmen can now hunt to their hearts' content, if they can find anything to shoot, without fear of officers or informers.

Gus Froehley, a prominent business man of Pierceton, Ind., was in the city last evening. Mr. Froehley has a host of friends in Fort Wayne, and time is never tiresome to him while he is in the city.

President Hughart, of the Grand Rapids and Indiana railroad, says that the officers of that road are taking extra precautions against accidents, and are examining, testing and inspecting the 800 or more bridges on their lines.

The Saengerbund held a special meeting last night to arrange for their excursion to Toledo on the 11th of September. A committee, consisting of William Schlagel, Louis Gerwig, and Paul Richter, was appointed to complete arrangements for the voyage.

Mr. J. M. Coombs has a letter from the Fowlerville Nut and Bolt Co., at Fowlerville, N. Y., saying that their works were recently destroyed by fire. The company is looking for a new location and asks what Fort Wayne can do for them. They employ 100 men, and the matter will be placed before the Business Men's exchange.

The remains of C. G. Baker, of Pierceton, Ind., passed through the city yesterday, en route to Michigan, where they were taken for burial. Mr. Baker was a prominent druggist of Pierceton, and his death, by suicide, was mentioned in the telegraph columns of Monday's SENTINEL. He had a number of friends here and was a frequent visitor in this city.

The use of natural gas in brick kilns promises to practically revolutionize that business and greatly reduce the cost of the product. It has been put into kilns at Anderson, and is furnished at a cost of only 20 per cent, of the outlay for fuel under the old system. In addition to this there is a saving of 50 per cent. in wages of kiln attendants, and there is practically no loss of bricks from over or under burning.

Thos. Kearns, Mart Golden, Ira Bowen and Peter Koehlinger were before acting Mayor Ryan this morning, to answer the charge of drunkenness. Bowen will be bailed out, but the other three went over to the stone pile, notwithstanding Koehlinger's appeal for liberty. He insisted that he had been on the sick list, and was unwell last night. The lobby laughed at Peter's appeal, and he sat down somewhat after the style of a crushed tragedian.

The capacity of a freight car is nominally ten tons, or 20,000 pounds. The following can be carried: Whisky, 60 barrels; lime, 70 barrels; flour, 90 barrels; eggs, 130 to 160 barrels, flour, 200 sacks; wood 6 cords; cattle, 18 to 20 head; hogs, 50 to 60 head; sheep, 80 to 100 head; lumber, 6,000 feet; barley, 300 bushels; apples, 340 bushels, flax seed, 360 bushels, corn, 400 bushels; potatoes, 430 bushels, oats, 680 bushels; bran, 1,000 bushels; butter, 20,000 pounds; oranges, 250 boxes, strawberries, 20,000 pounds, including refrigerators, all other fruits of all kinds, 20,000 pounds to the car. They are now building cars of 40,000 to 60,000 pounds capacity, in which 500 boxes of oranges can be loaded.

Two young men, who registered as Dan Vancome and Lou Owyney, were creating some trouble in the Sixth ward last night, and Officer Wahrenburg arrested them. The fellows forfeited their bail.

Mr. H. G. Wagner, the successful druggist, will retire from business November 1st, and transfer his business to his nephew, Mr. Henry G. Sommers. Mr. and Mrs. Wagner will then go to Europe, to remain abroad some time.

The *Gazette* intimates that Mayor Muhler, by going away, escaped taking issue on the canal question. Mr. Muhler was always outspoken in favor of the feeder canal as a source of supply, as was his predecessor, Colonel Zollinger.

Mrs. Melin, wife of John Melin, eloped with one Adam Stock. Melin followed the couple to Pennsylvania, and for $25 cash and a note for $75, he agreed to relinquish all claims to his wife's affection. Melin is a paper hanger for L. O. Hull.

L. M. Jones has sold to Lavina Cary, lot 20, O. E. Hill's sub addition, for $1,300; Mary F. Potter to Ferd. Von Behrens, lots 60 and 61, Rockhill & Nelson's addition, for $900; Kilian Baker to Clarence D. Howe, lot 9, Beck's sub. addition, for $250.

Will Fleming and Win Bash had a neat "brush" on the Fair association's track this morning and Mr. Bash won the laurels with his pacer. To-morrow Willis Pearse will drive "Wayne Wilkes," Dr. Barnum his pacer and Capt. Boltz his sorrel mare in a friendly race.

Do not forget the Lawn Social to be given by the Ladies' auxiliary, of the R. R. Y. M. C. A., on Thursday evening, Aug. 25, at the residence of Mr. and Mrs. G. T. Crosby, No. 111 DeWald street. A grand time is anticipated. Come, and bring your friends.

The ladies' auxiliary of the railroad department, Y. M. C. A., will give a lawn social to-morrow (Thursday) evening, at the residence of Mr. and Mrs. G. T. Crosby, No. 111 West DeWald street. Come, and bring your friends with you, and help this good cause.

The regular "home" meeting of the city Y. M. C. A. will be held to-morrow evening, at the residence of Mrs. Darker, 77 Butler street, beginning at 7:30, city time. This change of time is made to enable those who wish to attend the lawn festival given by the auxiliary to do so.

Mr. Gabriel Moser, of Pierceton, Ind., this morning purchased Emil Habercorn's saloon, on Calhoun street, paying therefor $2,500 cash. Mr. Moser was formerly in business at Columbia City and is a very clever gentleman. He is worth considerable money and will keep a first-class place.

Councilman John Kensill is very much interested in the project to pipe natural gas to Fort Wayne. He tells us that at Sharon, Pa., the water works pumping house is supplied with gas fuel at a cost of from $3 to $5 per day. At Youngstown, Ohio, they pay $150 per month for gas. It is piped to Sharon, Pa., a distance of fifty-two miles, and to Youngstown, a distance of sixty or sixty-five miles. The water works authorities there said to Mr. Kensill that they thought they would only pay next year, for the same amount of gas, $1,200. "If we have as good a supply at Hartford City as is represented, it seems to me it could be piped that distance at a good profit to the undertakers," concludes Mr. Kensill.

Churubusco and Stone's Crossing good quality flour, $3.75 per barrel.

FRUIT HOUSE.

LACES, fine embroideries, and other articles too delicate to bear rubbing, may be cleaned satisfactorily and without injury, if you will pare into fine shavings one-fourth of a cake of Ivory Soap, which dissolve in a quart of hot water; fill a glass fruit jar half full of the solution and add the article to be cleaned, then shake well. Rinse in the same manner in clear, luke-warm water.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Ivory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Copyright, 1886, by Procter & Gamble.

Go to Rome City with Grace church next Friday.

The Rich house saloon is closed. Two parties are negotiating for the purchase.

Councilman Williams was at Toledo yesterday. Mr. Williams and Andy McClure, of this city, are interested in a gas well down there.

Mr. and Mrs. Geo. R. Hench are at Huntington to attend the funeral of John Provines at 4 o'clock this afternoon. Mr. Provines is the young man drowned in the bay at Menominee, Mich., Monday last.

Dr. C. T. Meisheimer, of Bluffton, is again sick at Mr. F. A. K. Hackett's cottage, near Harbor Springs, Mich. The doctor suffers from kidney complications, and his friends will regret to hear of it.

Mrs. Charles Hoffman, wife of the popular auditor of the Muncie road, this morning drew a handsome cut glass cake dish, set in silver, through the Summit City Soap company's gift distribution.

Ed Hedekin, Harry Arnold, Bert Nirdlinger and James Quilliman, the party who started for Indianapolis on their bicycles, got as far as Wabash Sunday afternoon. From that place they carded their friends in this city that they were stopping at the Hotel de Mud and were having a grand time.

Almira C. Lininger this morning obtained in Judge O'Rourke's court, an order restraining Francis E. Lininger from drawing his pay or the Pennsylvania railroad company from delivering it to him or any one else after August 1st. Mrs. Lininger sued for divorce today, and she wants her husband's revenue arrested until her grievances are aired.

Ed. Deegan, who operates one of the big hammer fires in the Pittsburg shops, is lying at the point of death at his home in Mechanicsburg. Yesterday morning, while at Andy Kalbacher's feed store, he was seized with a chill and had to be taken home. He has since been in a sort of comatose condition, save when he rises from his bed in a bewildered manner. He refuses to believe that he is sick, and can retain no medicine. Dr. Van Buskirk is doing all he can for the sufferer, but the chances are against him.

Don't fail to see the universal success, the drama of humanity the "World."

A Long Lived Family.

The Warsaw *Times* says: "Nearly Everybody in the county knows Milo R. Barbour, who resides near Silver Lake. His invariable good humor, his repartee, and his vast fund of stories has always made him a welcome addition to any crowd. While enjoying the best of health, and apparently as rugged and as young looking as many men 45 years of age, few people would believe it, were his real age of over 83 years stated to them. Yet, such is the fact.

Mr. Barbour, addressed an inquiry in reference to the age of his brothers and sisters, and the following reply from his brother, Myron F. Barbour, who resides at Fort Wayne, was received, most certainly showing that the Barbour family is one of the longest-lived in this part of the country. Myron F. Barbour says in his reply that Laura Godfrey (a sister,) was, at the time of her death, 88 years, 9 months, and 7 days old; Mrs. Sylvia Briggs, another sister, 89 years, 11 months, and 27 days; Milo R. Barbour, 85 years, 9 months, and 7 days; Nancy Adams (a sister,) 77 years, 10 months, and 16 days, and Myron F. Barbour, 75 years, 11 months, and 7 days. These are remarkable ages as occurring in the same family, and we very much doubt if a like instance of longevity can be found in the whole country.

Vandalism at Hesse Cassel.

EDITOR SENTINEL.

Under the head line of "Vandalism at Hesse Cassel" an effort is made to get even, through a news paper article, by a certain person, on whose tracks the "hounds of the law" have not only been but have in reality treed the coon. Whether the brave and gallant fireman, whose timely arrival saved the bridge over Marian's creek, and who wrote the article referred to, will escape the "hounds of the laws" by crawling out of some hole, or whether he will be "meat" for those same hounds, remains to be seen. The citizens of Hesse Cassel have more to do generally than measuring tracks in the dust and then intimating scandal about neighbors. If the "brave fireman of Meriam's creek" would attend more strictly to his own business, and not intimate crimes against his neighbors he would have less law suits to defend, and would not need to card papers about vandalism or blow his own horn about putting out fires. "It is the singed cat that squeals."

VANDAL.

Null and Void.

Know all men by these presents, that the numbers having won the fine custom buggy and grand parlor organ, if not presented on or before Sept. 1, 1887, will be treated as null and void, and the above prizes will be again drawn, with the valuable city lot, on Sept. 1st and presented to the holders of the tickets drawing them.
